	KWIKJACK powerchair and scooter Jack Long hand lever	KWIKJACK2				1

2-4 POINT DOUBLE PULL BELTS

Integrity's new innovative 4 point double pull belts have been designed with input from wheelchair services and contracted repairers across the UK.

Integrity understand how frustrating it is for both client and service to not be able to get what you want when you really need it due to the cost and space constraints around holding stock of a large variety of belts. As such our new design belt can quickly and easily be transformed from a 2 point double pull belt into a 4 point double pull belt by simply clipping in the 2 additional padded straps.

Simply hold stock of the 4 sizes of 2 point belts and padded strap kits and have a modular range of belts which can easily be swapped between 2 and 4 point fixing.

Belt 2-4 Padded Double Pull, Airplane buckle

Size	Code	Sold in multiples of
Small	1WCASBDP4ABS	1
Medium	1WCASBDP4ABM	1
Large	1WCASBDP4ABL	1
